## PERSONALIZED, COMPASSIONATE CARE

Every level of care Parentis Health provides is tailored to meet each patient's individual needs, with transparent, reasonable pricing that does not take you by surprise.

Whether you are looking for home care or hospice, our Parentis Health team of experts is available to answer all of your questions and to support your decision-making process.

### HOME HEALTH

#### Bringing Healthcare Home

Parentis Health makes it easy to get quality medical care, including skilled nursing, counseling, and after-surgery and wound care, all in the comforts of home.

#### Our home health services include:

- Injections
- IV therapy
- After-surgery and wound care
- Physical, occupational, and speech therapy
- Nutrition counseling, and therapeutic diet training
- Medical social work
- Administration of medication, and assistance with durable medical equipment (DME)
- Assistance with living with disabilities
- Supplemental health education pursuant to doctor's orders

And, if your loved one's needs outgrow your home, our residential care facilities offer short and long-term 24/7 care.

### RESIDENTIAL CARE

#### Our Home is Your Home

For seniors who need full-time care, Parentis Health operates multiple residential care facilities, collectively known as **Verona Court**.

#### Verona Court's services include:

- Homes in upscale neighborhoods, equipped with all the comforts of home, including home-cooked meals, prepared and served daily
- Six-person resident maximum, with a 3:1 resident-to-staff ratio
- Flat, transparent pricing that doesn't increase—even when circumstances change
- Specialized Memory Care services for patients with Alzheimer's and Dementia

And families are always welcome!

Please visit the Verona Court website ([www.VeronaCourt.com](http://www.VeronaCourt.com)) to learn more about Parentis Health's residential care services.

## HOSPICE

### Preserving Quality of Life

With Parentis Health's care-first approach, you're never alone—and neither are your loved ones. We help families plan without pressure, advise on every aspect of the process, and adapt with you whenever circumstances change.

#### Our hospice services include:

- Observation and assessment
- Skilled nursing care
- Daily living assistance
- Registered dietitian (RD)
- Guidance on advance directives and other planning
- Pain and symptom management
- Caregiver education
- Therapy services
- Emotional and spiritual support
- Bereavement support and grief counseling

Our doctors and skilled nurses are on call 24/7/365, to answer any questions as they arise.

## HOME CARE

### There's No Place Like Home

Parentis Health is devoted to preserving well-lived lives, providing as much or as little care as patients and their families need. Whether your loved one needs a little help around the home or getting around town, or personal, everyday care, we've got you covered.

#### Our home care services include:

- Helping bathe, dress or use the restroom
- Personal hygiene and grooming
- Medication reminders
- Short daily exercises
- Light housekeeping and laundry services
- Meal planning, preparation and dining assistance
- Companionship for outings and leisurely activities

## TRANSPORTATION

### Non-Emergency Medical Transport

There is no need to overpay for an ambulance for non-emergency transportation. Our fleet of specialized vehicles accommodates patients (including COVID-19 patients) with:

- Ambulatory
- Wheelchair
- Gurney needs
